

WATERPROOFING

RFCS

OUR WORD IS OUR BOND

RIVADILLO-FLORES CONSTRUCTION AND SUPPLY

www.rfcswaterproofing.com

OUR COMPANY

We were established in 1990 as **“Casanova Waterproofing and Supply”** by our founders, Spouses Loreto A. Rivadillo and Jasmin B. Rivadillo. Since then, and spanning for 28 years now, our company specializes in providing quality waterproofing services, catering to the needs of our individual and corporate clients across the entire Philippines.

In July 2018, we decided to change our name to our present name, **“Rivadillo-Flores Construction and Supply”**, replacing the word “waterproofing” with “construction”. This is in line with our growing business and our bid for expansion to other areas of construction. The word “waterproofing” was thus replaced in order to emphasize that the services we offer are no longer limited to water-proofing services.

With it's almost 3 decades of existence, our company possesses the experience, depth of understanding, and the capability required to engage in the construction industry. But of course, our ability in developing waterproofing systems that provide long term protection to the structures of our clients is simply unparalleled.

OUR MISSION

We are builders of durable and long lasting structures. We are innovative in our partner clients at an optimal cost. From waterproofing, we have expanded our operations to become one of the most recognized companies in building construction. We are our client's most trusted service provider of these professional services by consistently exceeding their expectations and bringing the highest value to each relationship that is developed.

OUR VISION

We are one of the leading companies in the industry, employing partnership approach to help promote the economic growth of communities. Through our professional expertise, we deliver the needs of our clients and empower them to stand out and make a difference.

OUR HUMBLE BEGINNINGS

JADE GARDEN, VALENZUELA (1992)

Jade Garden is one of our first major projects. Our services were engaged to waterproof all its toilets and bathrooms, and its swimming pool.

WATERFRONT AIRPORT HOTEL & CASINO, MACTAN, CEBU (1993)

We were contracted by John Holland Construction, Inc. to waterproof all the toilets and bathrooms, and the roofdeck of the hotel.

SHANGRI-LA, MACTAN, CEBU (1993)

Our hotel ventures continued. In the same year, we were entrusted by DM Consunji, Inc. to waterproof the toilets and bathrooms, roofdecks, concrete gutters, and the plant boxes of the hotel's first phase and its extension.

CAMP JOHN HAY HOTEL, BAGUIO (1998)

In 1998, we were contracted by Camp John Hay Hotel to waterproof all the toilets and bathrooms, and also the firewall of the hotel extension.

VICENTE SOTTO HOSPITAL, CEBU (1994)

After the hotels, Kumagai Gumi Co., Ltd. engaged our services to waterproof the sloped roof and deck of the hospital, using materials and technology from Japan.

WATERFRONT CEBU CITY, LAHUG, CEBU (1994-1996)

We were entrusted by Primary Structures to waterproof all the toilet and bathrooms, and as well as the concrete gutters, cistern, drive-way, and the plant-boxes of the hotel.
